We had fun in 2011 at Telluride. Let's do it again! That's right ski fans. We are going back to Telluride next year. We are staying in the same great hotel with the all-you-can-eat free breakfast in a small western town with a large un-crowded ski area only 150 feet away from the gondola. It's a place where you can ski all day and just kick back and relax at night. We will be staying at the Aspen Hotel that includes a daily free hot breakfast, outdoor hot tub and an in-room oval soaking tub.

Ski Telluride has over 2,000 acres, 120 trails, and a vertical drop of 3,535 feet. (23% Beginner, 36% Intermediate, 41% Advanced, Base elevation – 8,725 ft.) The trip includes: air from BWI to Montrose, ground transportation, grocery food store stop, 5-out-of-6 days lift ticket, pre-trip party, and 7 nights lodging with a daily hot breakfast at the hotel.

Cost Does Not Include: Food except for breakfast at the Aspen Street Hotel, trip insurance, other transportation, airline baggage costs or any fuel surcharge or increases by the airline.
